ALABAMA BRED HORSES DRAW ATTENTION TO STATE.

Performance of Allmont Mare at Buffalo Caused Much Talk---Famous Breeding Farms Where Colts Were Reared.

The brilliant performance of the Allmont mare, Alabama, at Buffalo Wednesday adds new luster to the already brilliant reputation of this State in regard to developing and breeding some of the fastest harness horses in the world. Roy Miller drove the mare Wednesday in a race in which there were ten starters, finishing fifth in the heat that Roamer won in 2:06 1-2 and third in the next—2:07 1s4.

This was the first start of the mare in This was the first start of the mare in the Grand Circuit races and to Fred C. Newell of the local driving club at Riverside belongs th elion's share of the credit in the wonderful development of the mare.

the mare.
On August 4, 1900, Major Smith of Prattville, sent to Newell's barn at Riverside a beautiful 3-year-old filly. She was by Allmont out of a mare that was sired by William L, sire of possibly the greatest stallion ever produced, the celebrated Axtell. I am not positive just where she was bred but I thing Major Smith bought her at one of the sales in Lexington. The Garth farm near Huntsville, I think, had something to do with her.

came here and as speedy as the famous blood coursing through her veins could make her. Charlie DeTert was driving for Newell that summer and two weeks from the time the filly arrived at the barn I saw him drive her one morning in a workout, the last quarter being paced in thirty seconds, flat.

Everybody who went to one of the matinees at Riverside last year is familiar with the performances of the filly. On September 19, 1900, just a few days over one month from the time she came here a green pace; Alabama bedt Butts Kohn in a five heat race at Riverside, the third heat being paced in 2:21, the half in 1:08 flat.

On October 4 last year there was a match race at Riverside between Sunshine, Alabama and Annie Caffey. Sunshine, Alabama and Annie Caffey. Sunshine winning in straight heats, 2:16 1-4, 2:15 and 2:16. Alabama finished second in the two last heats. If Newell had driven her out the mare could easily have taken all three heats, but for reasons which afterwards showed his level-headed judgment, he simply rated her behind Sunshine.

A few days after that the local horses left for the races in Macon, Ga., and just before they were put on the cars Alabama worked a mile in 2:11 flat, not

Local horsemen are jubilant and predictions are made that the 5-year-old mare will do something phenomenal by next season at least-unless she goes back—and in this neck of the woods it is to be hoped that she will stay good.

and in this neck of the woods it is to be hoped that she will stay good.

The little village of Prattville seems to be fated to turn out fast horses, the fastest trotter that ever left this State being bred there.

A mare owned by Mr. Wilson of Prattville, and Tom Seay, a stallion owned by Mr. McCleilan of this city, are the dam and sire, respectively, of a colt named Arch W. For the past few years Arch W. has been campaigned on the Grand Circuit. Ot one time he trotted a mile better than 2:09.

The men campaigning him got into trouble last year, the judges catching them pulling the horse, and he has been ruled off.

The Garth farm near Huntsville is another famous place. Paul Revere, who paced a mile in 2:07 1-4 on the Grand Circuit, was bred there, his sire being the Cilchrist stallion, Brandon, 2:12 1-4. Lots of other fast ones were bred there and Mr. Garth has some in training now that will be heard from.

The McCurdy place near Lowndesboro is another famous place, Direct Hai, The Monk and several others having been trained there. The former was sent there when a youngster and was virtually raised there. Several of the Hamlin string that Geers handled were closely identified with the Lowndes County farm.

The Caffee place at Marlon, used to be another famous breeding farm, Lord Vara having been at the head of the stud there. Annie Caffey, the speedy mare now at Riverside, was foaled there, Lord Vara being her sire.

The speed and stamina of the Hal fam-

The speed and stamina of the Hal family was exemplified again by Twinkle who won the six-heat 2:14 pace in which Miss Willimont made her grand showing Wednesday.

Twinkle is a mare by Mercury, her dam having been sired by Tom Hal. She is the property of Douglass Boyd of Griffin, Ga. Scott Hudson is campaigning her this year. She had a trial mark of 2:13 when she started at Cleveland on July 24. It was a four-heat race. She landed away back in the first heat—2:09 1-4—and won the next three straight in 2:06 3-4, 2:10 1-2 and 2:08 3-4.

Toole and the Dairy.

Golden Penny.

J. J. Toole, the celebrated comedian, on day went into a dairy and said solemnly. "A boy, please." The shopkeeper evidently thought that his customer was a harmless lunatic, but said nothing. "If you can't let me have a boy," continued Toole. "I'll take a girl." "I don't know what you mean." said the puzzled dairy-man, "this is a milk shop." "Nothing of the kind," said Toole. "Come outside with me. There, you must let me have either a boy or a girl." He was pointing to the notice in the shop window: "Fam-liles supplied in any quantity."
